SKILLS

- Backend (Node.js, Nest.js, Javascript)
- Frontend (React.js, Next.js, Vue.js)
- Database (PostgreSQL, MongoDB)
- Algorithms & Data Structures (Python, Java, C++, Javascript)
- Web Design (Figma)
- SaaS (AWS S3 Bucket, AWS Lambda, Serverless, Vercel)

PROJECTS

POLO STEEL ART - polosteelart.ro

Developed a dynamic website using Next.js and Nest.js to present POLOSTEELART's services and products. Leveraged MongoDB and AWS services for robust data management and scalability. The project combines modern design with cutting-edge technology, offering users an engaging and seamless experience.

Pharmacy Administration Desktop App - pharmacy-administration-winforms

Desktop app which provides an interface for managing various aspects of a pharmacy using .NET framework 4.8, Windows Forms, Oracle

FiberBlossoms - *ongoing*

Currently developing FiberBlossoms, a dynamic website powered by Nest.js and Next.js. The platform showcases a diverse range of crochet products, intricate patterns, and features a dedicated blog on crocheting.

EDUCATION

BE, Computer Science at "Stefan cel Mare" University of Suceava
2019 - 2023

High School Diploma at Colegiul National "Stefan cel Mare" Suceava
2015 - 2019

CERTIFICATIONS

Database Design and Programming with SQL, ORACLE Academy
May 2019

ACHIEVEMENTS

ASSIST Coding Challenge - **2nd place**
May 2023

ASSIST Coding Challenge - **3rd place**
May 2022

ASSIST Tech Challenge - **2nd place** (Team)
Mar 2022

Best Innovative Minds - **3rd place** (Team)
Dec 2021

ASSIST Coding Challenge - **3rd place**
Oct 2021

ASSIST Coding Challenge - **1st place**
Apr 2021
